FOUNDER & PRESIDENT | STRATEGIC WEALTH DESIGN

ABOUT MAHESH

Mahesh is the founder and President of Strategic Wealth Design, an independent financial services firm in Las Vegas, NV. The firm was founded on Mahesh's vision, "to enrich the lives of people we touch by helping them create financial freedom and security." The firm specializes in working with physicians, dentists, and business owners, helping them reduce taxes, optimize savings, and invest efficiently.

Mahesh is passionate about leadership and is naturally drawn towards helping and leading organizations in his community. He is often invited to speak to large groups about how to achieve financial balance in their lives.

As you can see from the alphabet soup after Mahesh's name, he values education and is constantly learning to perfect the art of financial planning. Mahesh continuously shares his knowledge in industry groups and trains financial advisors to improve their own practices.

In his downtime, he enjoys spending time with his wife, Mamta, and three children (Nirvan, Rehan, and Yasmin) doing something fun like watching superhero films, hiking, swimming, exercising, and travelling. When he is able to get some quiet time on his own (usually around 5 AM), Mahesh meditates to get grounded for the day ahead.

Advisory services offered through Cambridge Investment Research Advisors, Inc., a Registered Investment Adviser. Strategic Wealth Design and Cambridge are not affiliated.
